For a small number of the oils listed, prices may be higher or lower.

What is the difference between fragrance oil and essential oil?

Essential Oils

- Made from plants and other natural products
- Steam distilled to produce the oil
- Completely natural
- More expensive
- Not available for most fragrances
- Designer-named fragrance oils are never essential oils

Fragrance Oils

- Fragrance oils are used to make perfumes, cosmetics, and flavorings.
- They can be made to almost any fragrance, not just nature scents,
- Cost is normally much lower than the essential oils.
- More options, and a lot more fragrance for your money.

What is the difference between oils that you burn and oils that you wear?

There is no difference in the oil itself. Some oils are popular for burning, because people like that fragrance in their home - you can think of cherry or frankincense. Other oils are most popular as perfumes. A person may not want to smell like cherry, and may not want their house to smell like Chanel #5. But a person can wear cherry and can burn Chanel #5 if they want to.

Carrier (cutting) oils

Help your oils last longer

Normally our customers sell the oils uncut. There are times when oils need to be cut, however. DPG is normally mixed with oils when they are being used in an oil burner or in making incense. Grapeseed oil is the lowest priced carrier oils, it works great for massage, aromatherapy or whenever it is on your skin.

Inhalation

Use a diffuser. This device is a helpful way to easily infuse any setting with the scent of your choice.

Place 3-7 drops of essential oil into a bowl of hot water, put your face over the water and a towel over your head to trap in the steam. Keep your eyes closed as you inhale through your nose.

Make a bottled spray or spritz with 10-15 drops of your favorite essential oil and one ounce of water.

Topical use

Drop it into a bath. While a bathing ritual itself can be a self-soothing treatment, adding essential oils can further benefit you.

Dilute essential oils with a carrier oil and apply the mixture to your skin. Gently rub the oil into pressure points such as your temples and wrists.

Add a few drops of essential oils to your shampoo, conditioner, and body wash or lotion.

New Kalla Castile Soaps

A natural, eco-friendly alternative to harsh chemical soaps
