## Making a difference

Sharon in South Africa works to help women who are trapped in lives of prostitution. She used to be an accomplished teacher and school principal in Government schools with a good regular paycheck. There is no pay for her to do

this, but it makes such a difference to the women she is serving this way, that she has moved into a small rented room and given up a much more comfortable life to be a help to these women.

## All About Festivals

*How to build your business with flea markets, street fairs, and more.*

Festivals, street fairs, and flea markets are great ways to make sales and find new long term customers! This is the main way that people who sell African items make their living. How these events can help you:

- You find new customers.
- You get exposure to people you can't meet any other way.
- You get face-to-face contact with other store and business owners
- 

### **How to choose an event:**

Different events attract different types of buyers, so tailor your merchandise to the proper audience. To know if an event is right for you, and to know which products you should be displaying at different events, you need to ask yourself what types of people will be attending?

Bitters can work wonders. They are some of the most popular products we offer. But most people say they taste really bad. Try a drop, and you'll see why.

To get the good-for-you that you need, mix two teaspoons of bitters in a full glass of water. They go down easy this way.

Or, add it to a smoothie or other drink. Bitters are also used in some alcoholic mixed drinks.

## Making a difference

### Feeding and Educating Children

These are some of the children your purchases with Africa Imports are helping in a big way. This school in Kasama, Zambia has about 850 children. Buying even the most simple of meals for this many children

is a big expense. For the last several months we have been donating enough to pay for one meal a week for these kids. We are hoping to do more than this soon, but even one meal has been a tremendous help to these children.

## Making a difference

Rachael Shipopa is making a huge difference in the lives of the street boys shown with her here.

One day she was driving to her work as a school principal, and saw three street boys sleeping in a

narrow median area of a busy street. If you have ever experienced traffic in Africa, you can better picture how dangerous and scary this would be to see.

Rachael decided that she could not drive by these boys and ignore their situation. Instead she arranged to take them to her home and give them each a meal. The next Saturday she did this again, and then continued doing this each Saturday, with a few more street boys being taken in each week. The boys all call her Mama Rachael.

Your purchases from Africa Imports help to support Rachael in her work as a principal for children from very difficult backgrounds.

**Tried and True Methods for Selling Oils**

- **Display oils on your store counter.** When people are about to leave a shop they often find it hard to resist adding one last inexpensive product to their cart. Fragrance oils are inexpensive, fun and customers come back for more.
- **Get a sample set of oils** and let your customers smell and sample them. Trying different products is the best way to get customers interested, giving you the opportunity to sell them larger bottles and burners.
- **Offer a promotion** in your store and use oils as an incentive. Promotions like "Buy 2 oils, get one free" or "Spend \$30 and get one free oil" are a great way to get people to try out oils and increase your sales.

## What is the difference between fragrance oil and essential oil?

### Essential Oils

- Made from plants and other natural products
- Steam distilled to produce the oil
- Completely natural
- More expensive
- Not available for most fragrances
- Designer-named fragrance oils are never essential oils

### Fragrance Oils

- Fragrance oils are used to make perfumes, cosmetics, and flavorings.
- They can be made to almost any fragrance, not just nature scents,
- Cost is normally much lower than the essential oils.
- More options, and a lot more fragrance for your money.

## What is the difference between oils that you burn and oils that you wear?

There is no difference in the oil itself. Some oils are popular for burning, because people like that fragrance in their home - you can think of cherry or frankincense. Other oils are most popular as perfumes. A person may not want to smell like cherry, and may not want their house to smell like Chanel #5. But a person can wear cherry and can burn Chanel #5 if they want to.

## Carrier (cutting) oils

### Help your oils last longer

Normally our customers sell the oils uncut. There are times when oils need to be cut, however. DPG is normally mixed with oils when they are being used in an oil burner or in making incense. Grapeseed oil is the lowest priced carrier oils, it works great for massage, aromatherapy or whenever it is on your skin.

## How to Use Essential Oils

There are more than ninety popular essential oils that have both cosmetic and health uses. You can try the African essential oils to enjoy some of the health and beauty benefits.

[africainports.com/blog/  
how-to-use-each-of-the-top-10-essential-oils/](http://africainports.com/blog/how-to-use-each-of-the-top-10-essential-oils/)

### Inhalation

Use a diffuser. This device is a helpful way to easily infuse any setting with the scent of your choice.

Place 3-7 drops of essential oil into a bowl of hot water, put your face over the water and a towel over your head to trap in the steam. Keep your eyes closed as you inhale through your nose.

Make a bottled spray or spritz with 10-15 drops of your favorite essential oil and one ounce of water.

### Topical use

Drop it into a bath. While a bathing ritual itself can be a self-soothing treatment, adding essential oils can further benefit you.

Dilute essential oils with a carrier oil and apply the mixture to your skin. Gently rub the oil into pressure points such as your temples and wrists.

Add a few drops of essential oils to your shampoo, conditioner, and body wash or lotion.
