Making a difference

This group of orphan children in Congo are saying thank you for groceries you provide.

There are about 1,000 children in different parts of Africa who receive meals from the purchases you make at Africa Imports. This is a group of about 100 of these children who are in a large city of Brazzaville. The other shows a smaller group of about 25 kids in a more rural area about 30 miles away.

Making a difference

Rachael Shipopa in Zambia was named the Africa Imports Mother of the Year for 2026.

For Mother's Day, she and her family received a special gift from Africa Imports. Here is her story.

Rachael has three children of her own, three adopted children, and 19 Boys who have been living on the streets. Rachael now houses, feeds, mentors, and educates these former street boys. She does this with the help of her husband and brother, but they have a very busy life. They do not receive any money for doing this other than the little that Rachel earns as a school principal, and a small amount that Africa Imports donates to help with meals for the street kids.

She used her prize of over \$1,000 from Africa Imports to buy new clothes for all her kids, a special trip to this restaurant for everyone, and a pedicure, manicure, and full body massage for herself.

Fragrance and essential oils are the 3rd best-selling category at Africa Imports. People love oils - they can burn them, wear them, use them in incense or add them to their favorite lotions. Essential oils can give health and well being! Fragrance oils give people more for their money. Bypass all the alcohol, fillers, and chemical ingredients in perfumes and get a more natural product that smells better and has a longer-lasting scent. When people buy oils, they're more likely to come back for more and to try other fragrances. They are easy to display on your store desk, burn in your shop, or to recommend to friends and family. You can even mix up oils to make your own signature blends. Oils are inexpensive and require hardly any investment. They are a great way to jump start your business faster.

Tried and True Methods for Selling Oils

- **Display oils on your store counter.** When people are about to leave a shop they often find it hard to resist adding one last inexpensive product to their order. Fragrance oils are inexpensive, fun and customers come back for more.
- **Get a sample set of oils** and let your customers smell and sample them. Trying different products is the best way to get customers interested, giving you the opportunity to sell them larger bottles and burners.
- **Burn oils** in your store or home where your customers are. When people comment on the amazing scents show them the oil that you used and take the opportunity to show them more oils and oil burners they can use.
- **Offer a promotion** in your store and use oils as an incentive. Promotions like "Buy 2 oils, get one free" or "Spend \$30 and get one free oil" are a great way to get people to try out oils and increase your sales.

What is the difference between oils that you burn and oils that you wear?

There is no difference in the oil itself. Some oils are popular for burning. Other oils are most popular as perfumes. A person may not want to smell like cherry, and may not want their house to smell like Chanel #5. But a person can wear cherry and can burn Chanel #5 if they want to.

Carrier (cutting) oils

Help your oils last longer

Normally our customers sell the oils uncut. There are times when oils need to be cut, however. DPG is normally mixed with oils when they are being used in an oil burner or in making incense. Grapeseed oil is the lowest priced carrier oils; it works great for massage, and aromatherapy.

DPG (for oil burners and incense making)

(1 lb). O-DPG \$11.95

(for wearing)

(1 lb). O-510 \$19.90

What is the difference between fragrance oil and essential oil?

Essential Oils

- Made from plants and other natural products
- Steam distilled to produce the oil
- Completely natural
- More expensive
- Not available for most fragrances
- Designer-named fragrance oils are not essential oils

Fragrance Oils

- Fragrance oils are used to make perfumes, cosmetics, and flavorings.
- They can be made to almost any fragrance, not just nature scents,
- Cost is normally much lower than the essential oils.
- More options, and a lot more fragrance for your money.

How to Use Essential Oils

Inhalation

Use a diffuser. This device is a helpful way to easily infuse any setting with the scent of your choice.

Place 3-7 drops of essential oil into a bowl of hot water, put your face over the water and a towel over your head to trap in the steam. Keep your eyes closed as you inhale through your nose.

Make a bottled spray or spritz with 10-15 drops of your favorite essential oil and one ounce of water.

Topical use

Drop it into a bath. While a bathing ritual itself can be a self-soothing treatment, adding essential oils can further benefit you.

Dilute essential oils with a carrier oil and apply the mixture to your skin. Gently rub the oil into pressure points such as your temples and wrists.

Add a few drops of essential oils to your shampoo, conditioner, and body wash or lotion.

There are more than ninety popular essential oils that have both cosmetic and health uses. You can try the African essential oils to enjoy some of the health and beauty benefits.
