## making a difference

These children at Makwati School in Zambia receive a free meal each school day. These children are from homes that can not afford to pay for a regular public school, and that do not always have enough money for regular meals each day. Your purchases from Africa Imports help to pay some of the teachers here, and help to provide meals like this to over 700 children in Africa.

# making a difference

Daudi in Tanzania is someone who your purchases helps to pay wages for each month. He is shown here with some boys he works with, at a graduation ceremony for some of the boys from primary school. Daudi helps boys who are orphans or from difficult homes to keep away from or get out of destructive lifestyles. This makes a big difference to many people in Africa who are damaged by the lives kids like this can lead, as well as to the boys themselves.

## making a difference

Sometimes we run into people who are making a big difference for people in Africa. The woman in the gray T-Shirt is widow in a small village in Zimbabwe. We do not know her name, but she taken the ten children shown with her into her home to care for. These children are all either deaf or mute. The woman knows sign language and gives of her time and energy to help these otherwise helpless orphan children. Hopefully her life is an inspiration to you also.
