## The Original and Authentic D'Jembe

We have these drums in all sizes and they are easy to play. D'Jembe (pronounced Jem'Bay) drums are hand-carved and hand-strung for quality. They offer the authentic, African experience, so check online for the latest stock.

## Quality Assurance

D'Jembe drums are made in the bush areas of Africa. However, every drum is checked for:

- *Head ring and string tightness*
- *Level head with no holes*
- *No imperfections in wood base and bowl*
- *Fist-size sound openings between base and bowl*

Each drum is uniquely made. No drum is perfect.

## What is the difference between fragrance oil and essential oil?

### Essential Oils

- Made from plants and other natural products
- Steam distilled to produce the oil
- Completely natural
- More expensive
- Not available for most fragrances
- Designer-named fragrance oils are never essential oils

### Fragrance Oils

- Fragrance oils are used to make perfumes, cosmetics, and flavorings.
- They can be made to almost any fragrance, not just nature scents,
- Cost is normally much lower than the essential oils.
- More options, and a lot more fragrance for your money.

## What is the difference between oils that you burn and oils that you wear?

There is no difference in the oil itself. Some oils are popular for burning, because people like that fragrance in their home - you can think of cherry or frankincense. Other oils are most popular as perfumes. A person may not want to smell like cherry, and may not want their house to smell like Chanel #5. But a person can wear cherry and can burn Chanel #5 if they want to.
