What is the difference between fragrance oil and essential oil?

Essential Oils

- Made from plants and other natural products
- Steam distilled to produce the oil
- Completely natural
- More expensive
- Not available for most fragrances
- Designer-named fragrance oils are never essential oils

Fragrance Oils

- Fragrance oils are used to make perfumes, cosmetics, and flavorings.
- They can be made to almost any fragrance, not just nature scents,
- Cost is normally much lower than the essential oils.
- More options, and a lot more fragrance for your money.

What is the difference between oils that you burn and oils that you wear?

There is no difference in the oil itself. Some oils are popular for burning, because people like that fragrance in their home - you can think of cherry or frankincense. Other oils are most popular as perfumes. A person may not want to smell like cherry, and may not want their house to smell like Chanel #5. But a person can wear cherry and can burn Chanel #5 if they want to.

Carrier (cutting) oils

Help your oils last longer

Normally our customers sell the oils uncut. There are times when oils need to be cut, however. DPG is normally mixed with oils when they are being used in an oil burner or in making incense. Grapeseed oil is the lowest priced carrier oils, it works great for massage and aromatherapy.

making a difference

Be inspired These are teachers at a school for homeless children in Zambia. There is a cost to attending the government schools. Each is paid a very small amount of money, but they really work every day for free to help some of the world's most vulnerable children.

Africa Imports is now supporting some of their work. It is powerful to be around these women themselves. They have plenty of real needs of their own, and are still volunteering to help with schooling that these children would not have any other way.

Before

After

Liddell recently needed special surgery for his mouth. He is shown here before and after his diagnosis with a rare mouth disease called Cherubism.

Liddell's father has been doing work with Africa Imports for about

three years now. The only way to help Liddell, was to take him to a specialist in a large hospital in South Africa from his home in Zimbabwe. Your purchases helped pay the cost for Liddell's treatment. He is now all better.

People

who are making a difference in Africa

All of the people shown here receive a part of their income from your purchases from Africa Imports. Half of our profits are used to help people with education, medical care, and job training in Africa. There are also over 600 children in need who receive meals each day from this money. The actual work is all completely organized and operated by African people. We are still very involved with each person shown here with the individual work that they do.
