Revision Date

1. Product and Company Identification

Product Type: Perfume Body Oil
Product Name: Men's and Women's Fragrance
Chemical Name: Not applicable
CAS-No: Not applicable
Supplier: Africa Imports
240 South Main Street, Unit A
South Hackensack, NJ 07606
201-457-1995
africa@africaimports.com

2. Hazards Identification

WARNING!

May be irritating to skin and eyes

Appearance:	Variable Color
Physical State:	Oily liquid
Odor:	Perfume odor

OSHA Regulatory Status: No health hazard data exists for this mixture. The OSHA Hazard Communication Standard requires that such mixtures be assumed to present the same health hazards as do components that constitute at least 1% of the mixture (0.1% for Carcinogens) although OSHA has noted that the hazards of individual components may be altered by including them in the mixture.

One or more of the components present in greater than 1% concentration, may present the following health effects. Based on evaluation by the individual components

Potential Health Effects

Interactions with Other Chemicals:	Not available
Aggravated Medical Conditions:	Not available.
Potential Environmental Effects:	There is no known ecological information for this product.

3. Composition/Information on Ingredients

This product is a mixture. The ingredients in this mixture are considered to be proprietary and will be revealed here only at the discretion of the manufacturer. In the event of a genuine medical emergency, they will be revealed to a qualified health professional. In non-emergency situations, disclosure requests will be handled in accordance with the pertinent provisions of the OSHA Hazard Communication Standard.

4. First Aid Measures

General Advice:	Immediate medical attention is not required
Eye Contact:	In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice
Skin Contact:	Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes
Inhalation:	Move to fresh air in case of accidental inhalation of vapors. If breathing is difficult, give oxygen
Ingestion:	Drink 1 or 2 glasses of water
Notes to Physician:	Treat symptomatically
Protection of First-aiders:	Use personal protective equipment

5. Fire-Fighting Measures

Flammable Properties:	Fire or intense heat may cause violent rupture of packages
Suitable Extinguishing Media:	Water. Water spray. Carbon dioxide (CO ₂). Dry powder. Foam.
Unsuitable Extinguishing Media:	Not available
Hazardous Combustion Products:	Not available

Explosion Data

Sensitivity to mechanical impact:	Not available
Sensitivity to static discharge:	Not available

Specific Hazards Arising from the Chemical

Thermal decomposition can lead to release of irritating gases and vapors.

Protective Equipment and Precautions for Firefighters

Use personal protective equipment.

6. Accident Release Measures

Personal Precautions:	Use personal protective equipment. Avoid contact with the skin and the eyes.
Environmental Precautions:	Prevent further leakage or spillage if safe to do so. Do not flush into surface water or sanitary sewer system.
Methods for Containment:	In the quantities which this material is normally shipped or stored, spills or leaks pose no problem. Contain and recover them with absorbents. Place soaked absorbent in covered metal receptacles.
Other Information:	Not applicable

7. Handling & Storage

Handling:	Ensure adequate ventilation. Wear personal protective equipment.
Storage Conditions:	Keep container tightly closed in a dry and well-ventilated place

8. Exposure Controls/ Personal Protection

Engineering Controls:	Ensure adequate ventilation, especially in confined areas.
------------------------------	--

Personal Protective Equipment

Eye/face Protection	Tightly fitting safety goggles.
Skin Protection	Wear protective gloves/clothing.
Respiratory Protection	No special protective equipment required.

General Hygiene Considerations

When using, do not eat, drink or smoke. Remove and wash contaminated clothing before re-use.

9. Physical & Chemical Properties

Appearance:	Variable Color
Physical State:	Oily liquid
Odor:	Perfume odor
Flash Point:	> 93°C / > 200°F
Method:	Closed cup
Specific Gravity @ 25/25 °C	0.9670 — 1.0070
Refractive Index @ 25°C	1.4450 — 1.4850

10. Stability & Reactivity

Presents no significant hazard. Not pyrophoric nor reactive with water. Does not undergo explosive decomposition, is shock stable, and is not an oxygen donor. Does not form explosive mixtures with other organic materials. Will not undergo hazardous exothermic polymerization.

Chemical Stability:	Stable under recommended storage conditions.
Conditions to Avoid:	Heating in air.
Materials to avoid:	Strong oxidizing agents
Possibility of Hazardous Reactions:	None under normal processing

11. Toxicological Information

This fragrance composition has not been subjected to toxicological testing as an entity. However, this preparation should be considered and handled with all possible precaution.

12. Ecological Information

While no specific environmental toxicity or related data is available, fragrance compositions are not expected to accumulate in the environment and environmental problems are not expected under normal conditions of use.

13. Disposal Considerations

Waste Disposal Method:	Can be incinerated, when in compliance with local regulations.
Contaminated Packaging:	Clean container with water. Empty containers should be taken for local recycling, recovery or waste disposal.

14. Transportation Information

DOT:	Not regulated
IATA:	Not regulated
IMDG/IMO:	Not regulated

15. Regulatory Information

USA

Federal Regulations

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

SARA 311/312 Hazardous Categorization

Acute Health Hazard:	Yes
Chronic Health Hazard:	Yes
Fire Hazard:	No
Sudden Release of Pressure Hazard:	No
Reactive Hazard:	No

State Regulations

California Proposition 65

This product does not contain any Proposition 65 chemicals.

Canada

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR.

WHMIS Hazard Class

Non-controlled

16. Other Information

The opinions expressed herein are those of qualified experts within the Manufacturer. We believe that the information contained herein is current as of the date of this Material Safety Data Sheet. Since the use of this information and the conditions of use of this product are not within the control of the manufacturer, it is the user's obligation to determine conditions of safe use of the product.
